

The Battle Creek Sanitarium

WINTER RECREATION

INDOOR PALM GARDEN

ONE OF THE INDOOR SWIMMING POOLS

ON THE PORCH

GREAT INDOOR GYMNASIUM

THE management of this institution was the first to organize and set in operation a thoroughly complete system of physiologic therapeutics. Water-cure had existed before—electric institutes, mineral springs, and similar establishments—but the Battle Creek institution was the first to organize a system and method embodying all physiologic agencies.

Accommodations for eight hundred guests; one hundred and seventy-five rooms with private baths; six hydraulic elevators; electric lights and private telephone in each room.

Spacious parlors and foyers on every floor. Roof garden, dining room and kitchen at the top. Spacious indoor gymnasium, outdoor gymnasium, large indoor and outdoor swimming pools, a corps of experienced trainers, country walks and rides daily. Tent colony in summer.

Staff of thirty doctors; two hundred and fifty nurses and attendants.

Forty years' experience in this institution has demonstrated that the great majority of chronic invalids, of all classes, including many considered incurable, may be trained up to a state of healthy vigor by a systematic regimen based upon scientific principles, combined with a thorough application of the resources of hydrotherapy, phototherapy, thermotherapy, massage, Swedish movements, Swedish gymnastics, electrotherapy and the open air treatment, guided by the exact findings of bacteriological, chemical, microscopical and other accurate methods of examination and pathologic research.

Excellent results are obtained in the various gynecological diseases, chronic indigestion, constipation, enteroptosis, perniciosis and other forms of anemia, obesity, neurasthenia, hysteria, and chronic malarial infection. Good results are also often obtained in cases of locomotor ataxia, paralysis agitans, chronic nephritis, chronic myelitis, multiple neuritis and other nervous affections, exophthalmic goiter, cardiac dropsy, infectious leucemia, gout and chronic rheumatism.

Special ward for surgical cases with perfect appointments and special departments for diseases of the eye, ear, nose and throat in charge of experienced specialists.

We would be pleased to mail you our booklet which tells the story in pictures and brief interesting description of the Battle Creek Sanitarium and its methods.

ADDRESS

THE SANITARIUM,

Box 65, BATTLE CREEK, MICH.
